Dear Sirs,

As requested by your fax transmittal of January 17, 2001, I have enclosed a copy of the information placard which will be displayed next to the payphone at La Posada Hotel. This placard has been framed and mounted directly adjacent to the pay phone.

The reason I am applying for payphone provider status at La Posada Hotel is because Quest will not provide service at our location, and I was not able to find a private company to provide service. At this location we have a hotel, restaurant, bar and train station. This is the only working payphone provided at this location, and will be of great use to the customers at these facilities and to the public in general. I also believe this payphone is essential for potential emergency situations that would require assistance requests to the police, fire department and or other emergency service providers. As such I believe this payphone will directly contribute to the safety and welfare of the general public.

Thank you for your consideration in this matter. Please contact me immediately if there is any other information that you require.

Sincerely,

Daniel Lutzick
